

Introducing the NEW "Seed Tender Blender"

- * 12 Volt operation
- * Easily Mounts on most Seed Tenders.
- * Remote control start/stop.
- * Weather seal around the lid.
- * Comes with variable speed controls.
- * Hopper will hold 40# of material.
- * Made in the USA!

Accurately and evenly apply inoculant, graph-ite, Talc, or a mix to your seed as it is being transferred from the hopper into the conveyor.
